

IPlugin

```
graph BT; BIOSMTTStage[BIOSMTTStage.BIOSMTTStage] --> IPlugin[IPlugin]
```

The diagram illustrates an implementation relationship. A light gray box labeled 'IPlugin' is positioned at the top. Below it, a darker gray box labeled 'BIOSMTTStage.BIOSMTTStage' is positioned. A solid blue arrow points vertically from the top center of the 'BIOSMTTStage.BIOSMTTStage' box to the bottom center of the 'IPlugin' box, indicating that the former implements the latter.
